

DR. BETTINA HÖRTNER  
RECHTSANWÄLTIN  
ATTORNEY AT LAW

## Dear ...!

*I am happy to announce the opening of my own lawfirm - Dr. Bettina Hörtner, attorney at law!*

*After more than 15 years of legal experience in the international financial markets, including the last ten years as a financial regulatory advisor to recognised well respected national and international clients, I have decided to open my own boutique lawfirm specializing in financial market regulatory issues and related matters as of February 1, 2012.*

*As you are well aware we are experiencing turmoil in the financial markets and the regulatory framework is becoming increasingly complex. The companies affected by these developments face major challenges. To take positive advantage of these challenges and to contribute significantly to the success of my clients' business is my major goal. Therefore, now it's the right time to create my own advisory business.*

*In any case I stick to my principle: Together with my client I develop tailor made, efficient, hands-on and global solutions within the regulatory framework!*

*Kind regards,  
Bettina*
